Cooking rice may seem easy, but many of us are struggling with getting it right. Rice cooker removes hard work, giving you perfectly moist and tasty rice every time, and avoiding burnt rice on the stove. But which rice cooker is best for you? Today's top rice cookers come with steam baskets, timers, and other features – here are the best rice cookers for 2020. If you're looking for something different, check out our tips for the best pressure cookers. Aroma Housewares 6-Cup Pot Style Rice Cooker and Food Steamer We chose Aroma Housewares 6-Cup Pot Style Rice Cooker because it is easy to use, sold at an unbeatable price and has decent cooking capacity. Appliances are not much easier than this offer from Aroma. Simply add rice and water, switch the switch and the rice cooker will take care of the rest. Aroma Housewares Rice Cooker even automatically switches to warm mode when your rice is ready, so you don't have to worry about overcooking the rice. The 6-Cup Pot Style Rice Cooker lacks some features that you'd find in slightly more expensive models, such as button controls for different kinds of rice, but about \$20, this rice cooker is hard to beat. Hamilton Beach Digital Simplicity Although it's amazingly easy to cook perfect rice with almost any rice cooker – just add ingredients, choose your cooking mode, and let the appliance do the rest – Hamilton Beach Digital Simplicity Rice Cooker has earned its inclusion on this list thanks to two key features: delay start timer and included smoking basket. The delay start timer allows you to set your meal up to 15 hours earlier. That is, you can get everything ready before you go to work, set the starting timer at the end of the working day, and by the time you get home, you will have a freshly prepared meal. This rice cooker also serves as a steamer. Rice cookers create a lot of steam, and Hamilton Beach Digital Simplicity won't let any of it go to waste. With the included smoking tray, you can steam vegetables, meat or other sides at the same time as cooking rice. Zojirushi NP-NVC10 Induction pressure cooker for rice stove at this price better have some nice properties, right? Well, how about artificial intelligence, which learns from past chefs and takes into account things like room and water temperature? Or, how about heat induction technology that drives heat into food from all angles, ensuring even the cook? Or what separate burnt setting to create a layer of crispy rice? What about umami cooking settings that extracts more sugar from rice to create a sweeter meal? These are just some of the features that make the Zojirushi NP-NVC10 Induction Pressure Pressure Rice Pot one of the most impressive rice cooking equipment on the market. While the price tag may keep some customers away, this product is definitely worth it for serious chefs who are only happy with the best Gourmia GRC970 11-in-1 Digital 20-Cup Rice Cooker Gourmia GRC970 11-in-1 Digital 20-Cup Rice Cooker is another device that does much more than cook rice. You can make a creamy risotto, steamed fish or vegetables, a small whole chicken, a dose of chili or various different single-pot dishes. In this device you can even make yogurt. The main purpose of GRC970 is to cook rice, admirably. But it also has several button controls, including steam, slow cooking, crispy, white rice, brown rice, fast rice, quinoa, oatmeal and yogurt. It has an exceptionally large capacity of 20 cups and a non-adrievce rice pot, so you can produce large batches of rice at once. It comes with a bright lid, measuring meter, scab and steam tank, so you have the accessories you need to prepare rice or other recipes. GRC970 can cook everything from breakfast to dinner to dessert, but the controls are still amazingly simple. Add your ingredients, choose your cooking method, and let the device take care of the rest. Aroma Housewares ARC-914SBD Rice Grain Cooker and Food Steamer Another affordable choice of aroma housewares, this digital rice cooker cooks up to eight cups of cooked rice. It comes with a non-stick inner pot, rice paddle, rice measuring cup and steamer, so you can produce vegetables and other foods in addition to rice. Plus, there are included preferences for brown and white rice, so your rice comes out just right. We like this model because of the excellent price (and rice), for sure. But we also appreciate that it's super easy to use. In addition, they do not take up too much space in the kitchen (you can store it in the closet), so it is ideal for small spaces. The Aroma Housewares ARC-914SBD rice cooker also has that ever-so-useful delay-start timer that you can set up to 15 hours in advance. miAroma MRC-903 Mini Cooker Here's another impressive rice cooking device from the Aroma Housewares catalog. The MRC-903 is the perfect compact choice for a quick one-plate meal or dinner for two. It works coolly to the touch and one-button operation is a breeze to start cooking. Do not be tempted by its size - this mini stove can cook up to 3 full cups of food. You can make your favorite rice, quinoa, pasta and even meat-laden breakfast omelettes. And when you finish it, this dimous stove can easily be stored in a locker. Keep Warm mode continues to heat ready meals for up to 12 hours - without burning - so your rice or other foods are always perfect temperatures. Cleaning is simple with a non-stick inner pot and a completely safe design. If you're not interested in smoke and mirrors and want a budget-friendly rice cooker that gets the job done, the miAroma MRC-903 is a solid choice. It is not always easy to choose small appliances for your home. Choosing the best rice cooker requires you to know something about the criteria associated with choosing one. All our top tips are Options, Editor's Recommendations Today's Best Black & Decker 16-Cup RC516 dealsBLACK+DECKER RC516 16-Cup... Black & Decker RC516 16-Cup... The Black + Decker 16-cup RC516 is an affordable rice cooker that is basic but provides everything you need to cook rice with ease and minimal effort. By placing eight cups of uncooked rice in the machine you will be able to make 12 cups of fluffy rice within 20-40 minutes. We checked a lot of rice cookers to find the right one for you, go to our guide on the best rice cookers. The Black + Decker 16-cup RC516 is an easy-to-use rice cooker that is operated by only one switch. Its features are quite limited compared to the more premium model, but it's priced to reflect that at less than \$50. What is useful about this rice cooker is that once your rice has finished cooking, the machine will automatically switch to the warming function so that nothing will go out. Creating up to 16 rice at a time, this rice cooker has more capacity than most other models we've reviewed too. This rice cooker comes with a non-stick bowl inside where you cook rice. Thanks to the easy cleaning of the 16-cup RC516 Black + Decker, the dishwasher can be placed as soon as you finish it. However, because of the non-adishing coating, sometimes it is better to wash by hand. To maintain the non-adhering coating, this rice cooker comes with a plastic serving spoon, so you don't use anything dishes that could scratch the bowl. Although the Black+ Decker 16-cup RC516 rice cooker is pretty basic, it still has a steam basket so you can cook vegetables at the same time as your rice. The lights on the front of the machine indicate whether the unit cooks or keeps the rice warm. The lid is made of tempered glass and this rice cooker has a handy built-in lid holder when you need to check the rice or empty the bowl. What this rice cooker is missing, however, is the delayed timer setting. If it's important that you have this option, consider our review of the Aroma ARC-616SB Sensor Logic rice cooker. The Black + Decker 16-cup RC516 rice cooker is also lacking the function to adapt to the type of rice you are preparing. More sophisticated models also have a fuzzy logic function that adjusts cooking depending on the environment in which you cook. They can also correct human bugs if you don't quite get your amount in order. With any basic rice cooker, there is always another concern with the mess. Since the lid is removable on the Black + Decker 16-cup RC516 rice cooker, steam tends to burst out of the hole during cooking, causing more clean up than with more expensive rice cookers. Although it has a capacity of eight cups, it is recommended not to travel above seven cups. This should allay concerns with spraying and overcooking the rice at the bottom of the pot. The Black + Decker 16-cup RC516 rice cooker has an average rating of 4.3 out of five on Amazon. The most positive reviews state that Rice cooker makes cooking rice so much easier. Users describe Black + Decker as easy to clean. Negative reviews of the Black + Decker 16-cup RC516 rice cooker suggest that the 'non-stick coating is almost useless', and some users claim that this machine burns the bottom of the rice.
